Note:

By loading the All-file, all current USER data in the MOTIF XF (User Voices, Performances, Master programs, User Arpeggios, Songs, Pattern, Utility settings, User Waveforms, and Samples in the SDRAM memory) are overwritten. User Waveforms and Samples already stored in the Flash Memory are not overwritten.

If you haven't backed up your USER data yet, please do it immediately (File Type „all“ -SAVE). All Factory Voices can be restored by performing a Factory Set (UTILITY JOB).
