

PSR-550

BE A PROFESSIONAL MUSICIAN OR JUST SOUND LIKE ONE!

Yamaha PSR-500-series keyboards have always been powerful, now they're also colorful. The PSR-550 is one of the first portable keyboards in its price range to include a backlit, multi-color LCD display. The color changes by function to simplify operation. The easy Navigator —Yamaha's great interactive help— has also been improved to make the PSR-550 still easier to use. Yamaha's remarkable new music database makes playing songs a simple proposition as well. Choose from over 200 song titles in the database and the PSR-550 will set itself up for that song. Yamaha improved the PSR-550's sound over its predecessor by more than doubling the voice memory and by adding new voices and styles.

- Download Songs from the Internet and Play them on the Keyboard
- 3.5" Floppy Disk Drive Plays and Records Songs to Disk in Standard MIDI File Format
- 61 Regular Sized Touch-Sensitive Keys for Expressive Playing
- 16 Track Recording Plus Editing Features

- 8MB Wave ROM Adds Realism to Voices
- Stereo 2-Way Speakers with Bass Ports Create a Dynamic Sound System
- 14 Drum Kits to Create Percussion Tracks
- Sustain Pedal Jack Assignable to 9 Different Functions
- Music Database

PSR-350

INTERNET READY - IF YOU KNOW THE NAME OF THE SONG YOU WANT TO PLAY, YOU'RE A POWER USER

The PSR-350 comes complete with a remarkable new music database. Simply choose from over 200 song titles and the entire keyboard prepares itself for that song; it couldn't be easier. It also helps that the PSR-350 includes a beefed up version of the popular Yamaha Education Suite. The sonic quality has also been ramped up with incredible voices, significant increases in voice memory and new bass ports. Plus, the PSR-350 gives you the ability to write Standard MIDI files to disk so you can send music over the internet for others to enjoy.

- Download Songs from the Internet and Play them on the Keyboard
- 3.5" Floppy Disk Drive Plays and Records Your Songs to Disk in Standard MIDI File Format
- 61 Regular Sized Touch-Sensitive Keys for Expressive Playing

- 1188 mm (W) x 435 mm (D) x 127 mm (H)
- 8.0 kg
- Headphone and Sustain Pedal jacks

FEATURES

Portable Grand

All Yamaha portable keyboards feature the powerful Portable Grand™, the most realistic piano sound on a portable instrument. Just press one button to get the rich sound and effect of playing a competition-caliber Yamaha grand piano at Carnegie Hall.

XG

Yamaha's vast digital musical experience is evident with XG, a proprietary system that gives you far more instrument voices and more control of those voices than virtually any other keyboard. With more choices, you can ensure that your music sounds exactly the way you want.

DJ Button

For a more contemporary flavor, Yamaha portable keyboards feature one-button access to dance-oriented voices and songs. The exclusive DJ Button transforms the portable keyboard into a full-featured dance machine with authentic DJ voices and styles.

GM

With General MIDI compatibility, song data always plays the correct sounds.

Yamaha Education Suite (Y.E.S.)

Yamaha has been teaching music around the world through Yamaha Music Schools since the mid-1950s. This experience has helped create the Yamaha Education Suite, an on-board music tutor. YES does so much with its built-in tools, learning to play the keyboard on a Yamaha is incredibly fun and easy.

Touch Response

Your playing can be as expressive as on an acoustic instrument.

Bass Boost System

A special port on each speaker adds powerful impact to bass sound reproduction.

Guide Lights

Yamaha's new line of EZ keyboards and digital drums feature Guide Lights, which show exactly what notes to play and when to play them. Even someone who has never played can follow the lights. In conjunction with the YES learning system, EZ keyboards make learning to play a truly enjoyable experience while the lighted drum pads allow aspiring drum players to enhance their abilities.

Vocal Harmony for XG

Add harmony parts to anything you sing with the Vocal Harmony function, and powerfully enhance your vocal performances.
